

Danielle Jones, MD
Board of Directors & Founding Member

Dr. Danielle Jones is a board-certified ObGyn and online educator who is currently practicing as a hospitalist in Austin, TX. She is an expert in science communication and is passionate about science education, autonomy, and patient-centered care. She went to Texas A&M University for her undergraduate degree in Psychology and went on to Texas Tech University for medical school before training at Baylor Scott & White for residency.

Known online as Mama Doctor Jones, Dr. Jones is the leading pregnancy and gynecology educator on YouTube, has amassed a following of over 1.5 million across platforms, and is frequently featured as a media expert everywhere from the New York Times to local news outlets. She is married with 4 young children and enjoys travel, minimalism, and any activity that can be done outside.
